Subject: Microsoft Settlement

Sir or Madam,

I am a software developer who works in a multi-platform environment. It is my belief that Microsoft's actions to attain and keep their monopoly may be good for Microsoft, but that they have a negative effect on the industry as a whole. I am concerned that the current settlement with the company does nothing to address Microsoft's monopolistic behavior. They are being let go with a slap on the wrist. I encourage you to take stronger measures.

Thank you,
Steve Wright
